## Streamline the Estimation, Production, and Tracking of Your Roofing Jobs with the improveit 360 Roofing Package!

- Build accurate estimates that meet your desired profit margin.
- Track job costs and compare estimates against actuals.
- Track and transfer warranty information across property owners
- Generate material lists for suppliers and warehouse crews

---

## Details

Our Roofing Package brings fast roof estimate building and robust project tracking to your improveit 360 account. During your system configuration, improveit 360 will upload your product list and pricing, so that you can start building templated estimates that include your most commonly installed products. Up to two (2) hours of training are included in this package.

### New Features

#### Build Accurate Roofing Estimates

- Upload your company's estimated products
- Track all job materials for accurate purchase forecasting, material ordering, and warehouse staging
- Leverage a custom Material List document that can be printed or emailed to subcontractors

#### Advanced Quoting Calculations

- Adjust your desired profit margin for each job and apply it to every line item on your quotes

# ROOFING CONFIGURATION PACKAGE

## New Features continued

---

- Compare actual material usage and job and installation costs against your forecasted estimates
- Add custom fields to your existing quote documents that display roof measurements, waste factor, desired profit margin, and more

### Track Measurement Data

- Store roof measurement data with your project for easy reference
- Add custom fields to your project records that track pitch values, total squares, TPO, modified/modified color, dumpster company, and material supplier(s)

### Track Insurance Adjuster Meetings

- Track adjuster appointments without impacting sales appointment close rates and analyze the results from adjusters and insurance companies

### Track and Transfer Warranties

- Store warranty information such as type, manufacturer, and term and track transferable warranties between property owners

### Automated Roofing Production Emails

- Leverage customizable email templates to automatically notify your crew about dumpster deliveries and material deliveries
